ABOUT US

A LED LIGHTS MANUFACTURING COMPANY

Dreams Electronics offers exhaustive EMS (gadgets producing administration) arrangements. The organization was set up in the year 2020, and in a moderately brief time frame range of barely 10 years. The administrative center is situated in Ecotech – III, Extension-I, Gearer Noida. Our originator is notable and exceptionally regarded in the fields of Electronic Manufacturing Services and Manufacture of Accessories. He is a certified proficient in hardware and over 20 years' involvement with the fields of Design and Development and production of electronic embellishments and machines. He has accomplished the upward development of Dreams Electronics. We at Dreams Electronics accept time is of most extreme embodiment in any managing, and with regards to our conviction, we endeavor to achieve all out consumer loyalty by conveying items and administrations of the greatest quality on schedule.

Smart Bright Street

The luminaire offers uniform lighting on street and high energy savings of up to 70%*. With high impact-resistant polycarbonate cover and IP65 protection, it is ideal for touch weather conditions. It has a long life as compared to FTL/CFL street lights and meets lighting level as per B2/B1 category roads of IS1944.

Reliable savings, lasting brightness

Long lasting performance

Designed for energy savings of up to 70%*.

50000 burning hours @L70

Designed for operations under diverse environment from -10° C to 45° C

High quality material and design

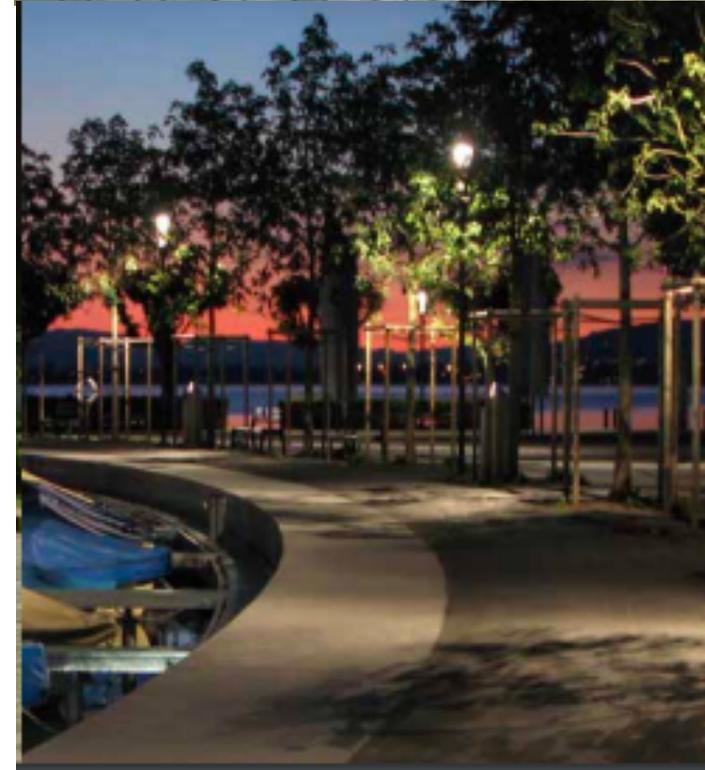

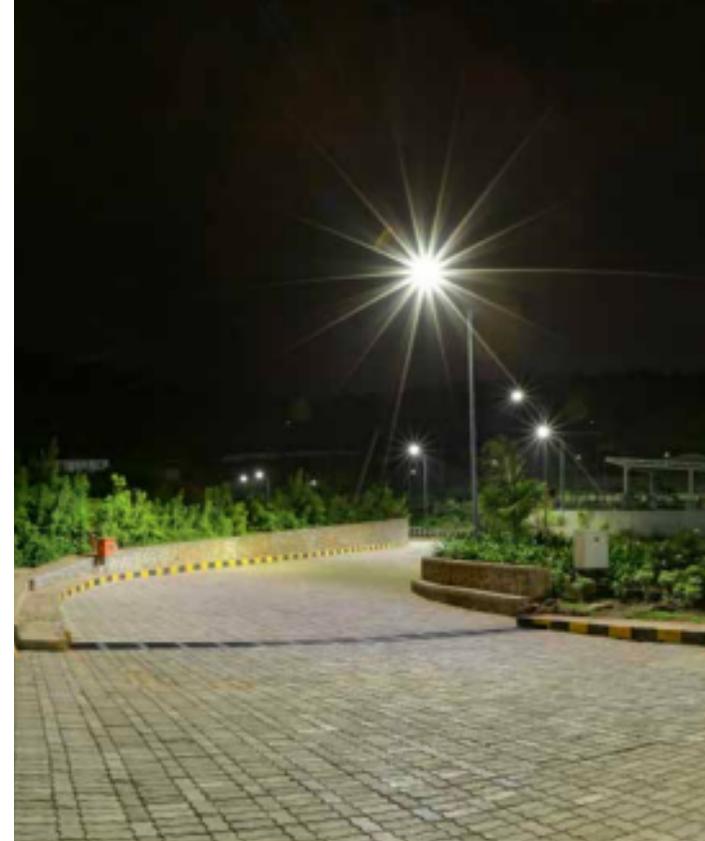

Finless design with superior aesthetics looks

Toughened and shatter-proof quality built-in lens enhances safety

Pressure die-cast housing offers excellent corrosion-resistance and robustness

Uniform lighting

Street light distribution with uniform lighting on the street

STREET LIGHT

Product details

Product Name	Street Light
Usage/Application	Outdoor
Brand	Dreams Electronics
Power	50 Watt
Lighting Color	C.W/W.W
IP Rating	IP66
Body Material	Aluminum
Input Voltage	90 Volt - 440 Volt
Warranty	2 Yeras
Country of Origin	Made in India
Lumun	110 per Watt

We are leading manufacturer and supplier of 50 watt street lights.

Maximum Power Current	4.95 - 7.35 A
Frequency	50 Hz

ALL LIGHTS ARE Efficient and environment friendly

NO RUNNING COST

This luminaire runs with natural source of energy, hence there is no electricity cost.

IP66 PROTECTION

The luminaire is dust tight and water proof.

GREEN SOLUTION

Runs 100% on solar energy.

Lighting Services

Value beyond illumination

New lighting technology combined with lighting controls is much more energy efficient than traditional lighting. It can also contribute to your business performance and success in more ways than you might imagine. Today's top lighting technology can increase operational efficiency, reduce seat cost/ employee through space optimization in an office environment, increase foot fall through enhanced shopper experience in retail, make a building or brand stand out of the crowd, expand an entertainment venue's source of revenue, and even help the healing process for patients in hospitals. With Dreams Electronics as your partner, you can easily start benefiting from the dramatic difference that lighting can make. Upfront capital investment on your part may not even be necessary

END TO END SOLUTION PARTNER

We at Dreams Electronics believe in providing a solution rather than a product and that is why we make business- effective lighting solution, a simple and streamlined process for our customers. Your industry segments' needs are extremely familiar to us, so you can count on us to reliably deliver or help coordinate any- or all- parts of the lighting solution you want, from concept design and detailed audit to complete lifecycle services. When you partner with Dreams Electronics as an end to end solution partner, you're assured of results that give you maximum business impact and a committed lighting quality with minimum hassle and risk.
